SECTION 3: PROPOSALS FOR THE 11 AREAS THAT COVER LEEDS

5 NORTH LEEDS

- 3.5. The North Area covers the northern wedge of the main urban area of Leeds. It extends from Horsforth in the west to Roundhay in the east and from Burley in the south to Alwoodley in the north. The Area is densely populated and includes a number of distinct communities, most of which are served by a local centre. The housing stock is varied and contains a mix of old and new properties of differing types. Although extensively built up, there are areas of Green Belt along the northern boundary. Interspersed throughout the North Area are pockets of green space. Notable examples include Roundhay Park, Becketts Park and Meanwood Park. There is a high student population with two universities (Leeds Beckett University and Leeds Trinity University) based in Headingley and Horsforth respectively. The Area is served by a number of roads including the A65, A660, A61 and A6120 and public transport with good links into the city centre. There is an intention to build a trolley bus along the A660 corridor to serve the wider population.

Overall, the socio-economic profile shows that of working households in North Leeds 26% earn less than £20000 p.a. whilst 30% earn £50,000 or more. In terms of unemployment, there was an unemployment rate of 2% in 2014 (claimants of working population). Neighbourhood Plans are being prepared by a number of areas, including Kirkstall, Horsforth, Headingley, Alwoodley and Adel (the latter two neighbourhood plan areas fall largely within the North HMCA).

RETAIL PROPOSALS FOR NORTH:

- 3.5.1 The North HMCA is a large, densely populated area and as such is characterised by a large number of centres. The main designated centres of the North HMCA are the town centres of Chapel Allerton, Headingley, Holt Park, Horsforth Town Street, Kirkstall, Meanwood, Moor Allerton and Oakwood. These town centres are supported by a number of Local Centres. The full list of centres for the North HMCA is as follows:

- Chapel Allerton
- Headingley
- Holt Park
- Horsforth - Town Street
- Kirkstall
- Meanwood
- Moor Allerton
- Oakwood
- Harehills Corner
- Hollins Park
- Horsforth - New Road Side
- Kirkstall Road
- Montreal - Harrogate Road

- Moortown Corner
- Street Lane – Roundhay
- Butcher Hill
- Cardigan Road
- Hawksworth Estates Centre
- Horsforth – Station Road
- Slaid Hill
- Weetwood – Far Headingley

3.5.2 For each centre a review of the centre boundary and survey of current uses has been undertaken. The Council is not allocating sites for retail in these centres but has made boundary changes which may provide scope to accommodate additional retailing. The survey of uses has been used to determine the primary shopping area and frontages (primary and secondary).

3.5.3 For policies and guidance referring to centre boundaries, primary shopping areas and proposals within protected shopping frontages, please refer to section 2 of this document. These policies must also be read in conjunction with the Retail and Town Centres section of the Core Strategy.

HOUSING PROPOSALS FOR NORTH

3.5.4 See Section 2, paragraphs 2.26 – 2.71 for the Housing overview which explains the context for the housing allocations in this area.

3.5.5 **Total housing target for North** (set out in the Core Strategy) = 6,000 units (9% of District wide total)

3.5.6 **Total number of dwellings/capacity to be allocated:**

The target of 6,000 residential units does not mean that land for 6,000 new units is newly allocated for housing. From the overall total, existing allocations (previous UDP housing allocations not developed), planning permissions expired since 31.3.12 and planning permissions with units still remaining to be built between 31.3.12 (the base date of the plan) and 5.4.15 as well as recently expired permissions have been deducted. These sites are listed in Policy HG1 below and count towards the overall target. They are shown as identified housing sites on the plan.

POLICY HG1 – IDENTIFIED HOUSING SITES
THE SITE ALLOCATIONS PLAN IDENTIFIES SITES WHICH HAVE EXISTING OR RECENTLY EXPIRED PLANNING PERMISSION FOR HOUSING OR MIXED USE INCLUDING HOUSING, OR WERE PREVIOUSLY ALLOCATED FOR HOUSING IN THE UNITARY DEVELOPMENT PLAN, AS IDENTIFIED HOUSING SITES. IDENTIFIED HOUSING SITES CONTRIBUTE TO THE TARGETS FOR THE ELEVEN HOUSING MARKET CHARACTERISTIC AREAS SET OUT IN CORE STRATEGY SPATIAL POLICY 7 (SP7). THESE ARE SHOWN ON THE POLICIES MAP. ALL IDENTIFIED HOUSING SITES ARE IN PHASE 1 FOR RELEASE, IN ACCORDANCE WITH CORE STRATEGY POLICY H1. IN NORTH THE SITES SHOWN AS IDENTIFIED HOUSING SITES ARE:

*No further flood risk assessment would be needed for this site provided the development is carried out in accordance with the permission. If the scheme is altered or reapplication made, a new Flood Risk Assessment (FRA) will be required.

3.5.7 Completions post 2012 plus sites under construction or not started can be deducted from the target (the sum of the last 3 columns in the table) to leave a residual for allocation for housing.

So, the residual target is 6,000 – 4033 = 1967 units

Site Specific Requirements for Sites Allocated For Housing In North

3.5.9 The Site Allocations Plan housing allocations mean that should a planning application for housing be submitted to the council, it is acceptable in principle by virtue of it being allocated for that use in the Local Plan. However, each planning application is judged on its individual merits and where there are specific requirements that will need to be applied, these are listed against each site below. Some planning requirements apply equally to all sites and so are not detailed for each site specifically. See Section 2, paragraphs 2.43 – 2.54 for generic site requirements.

GREENSPACE PROPOSALS FOR NORTH

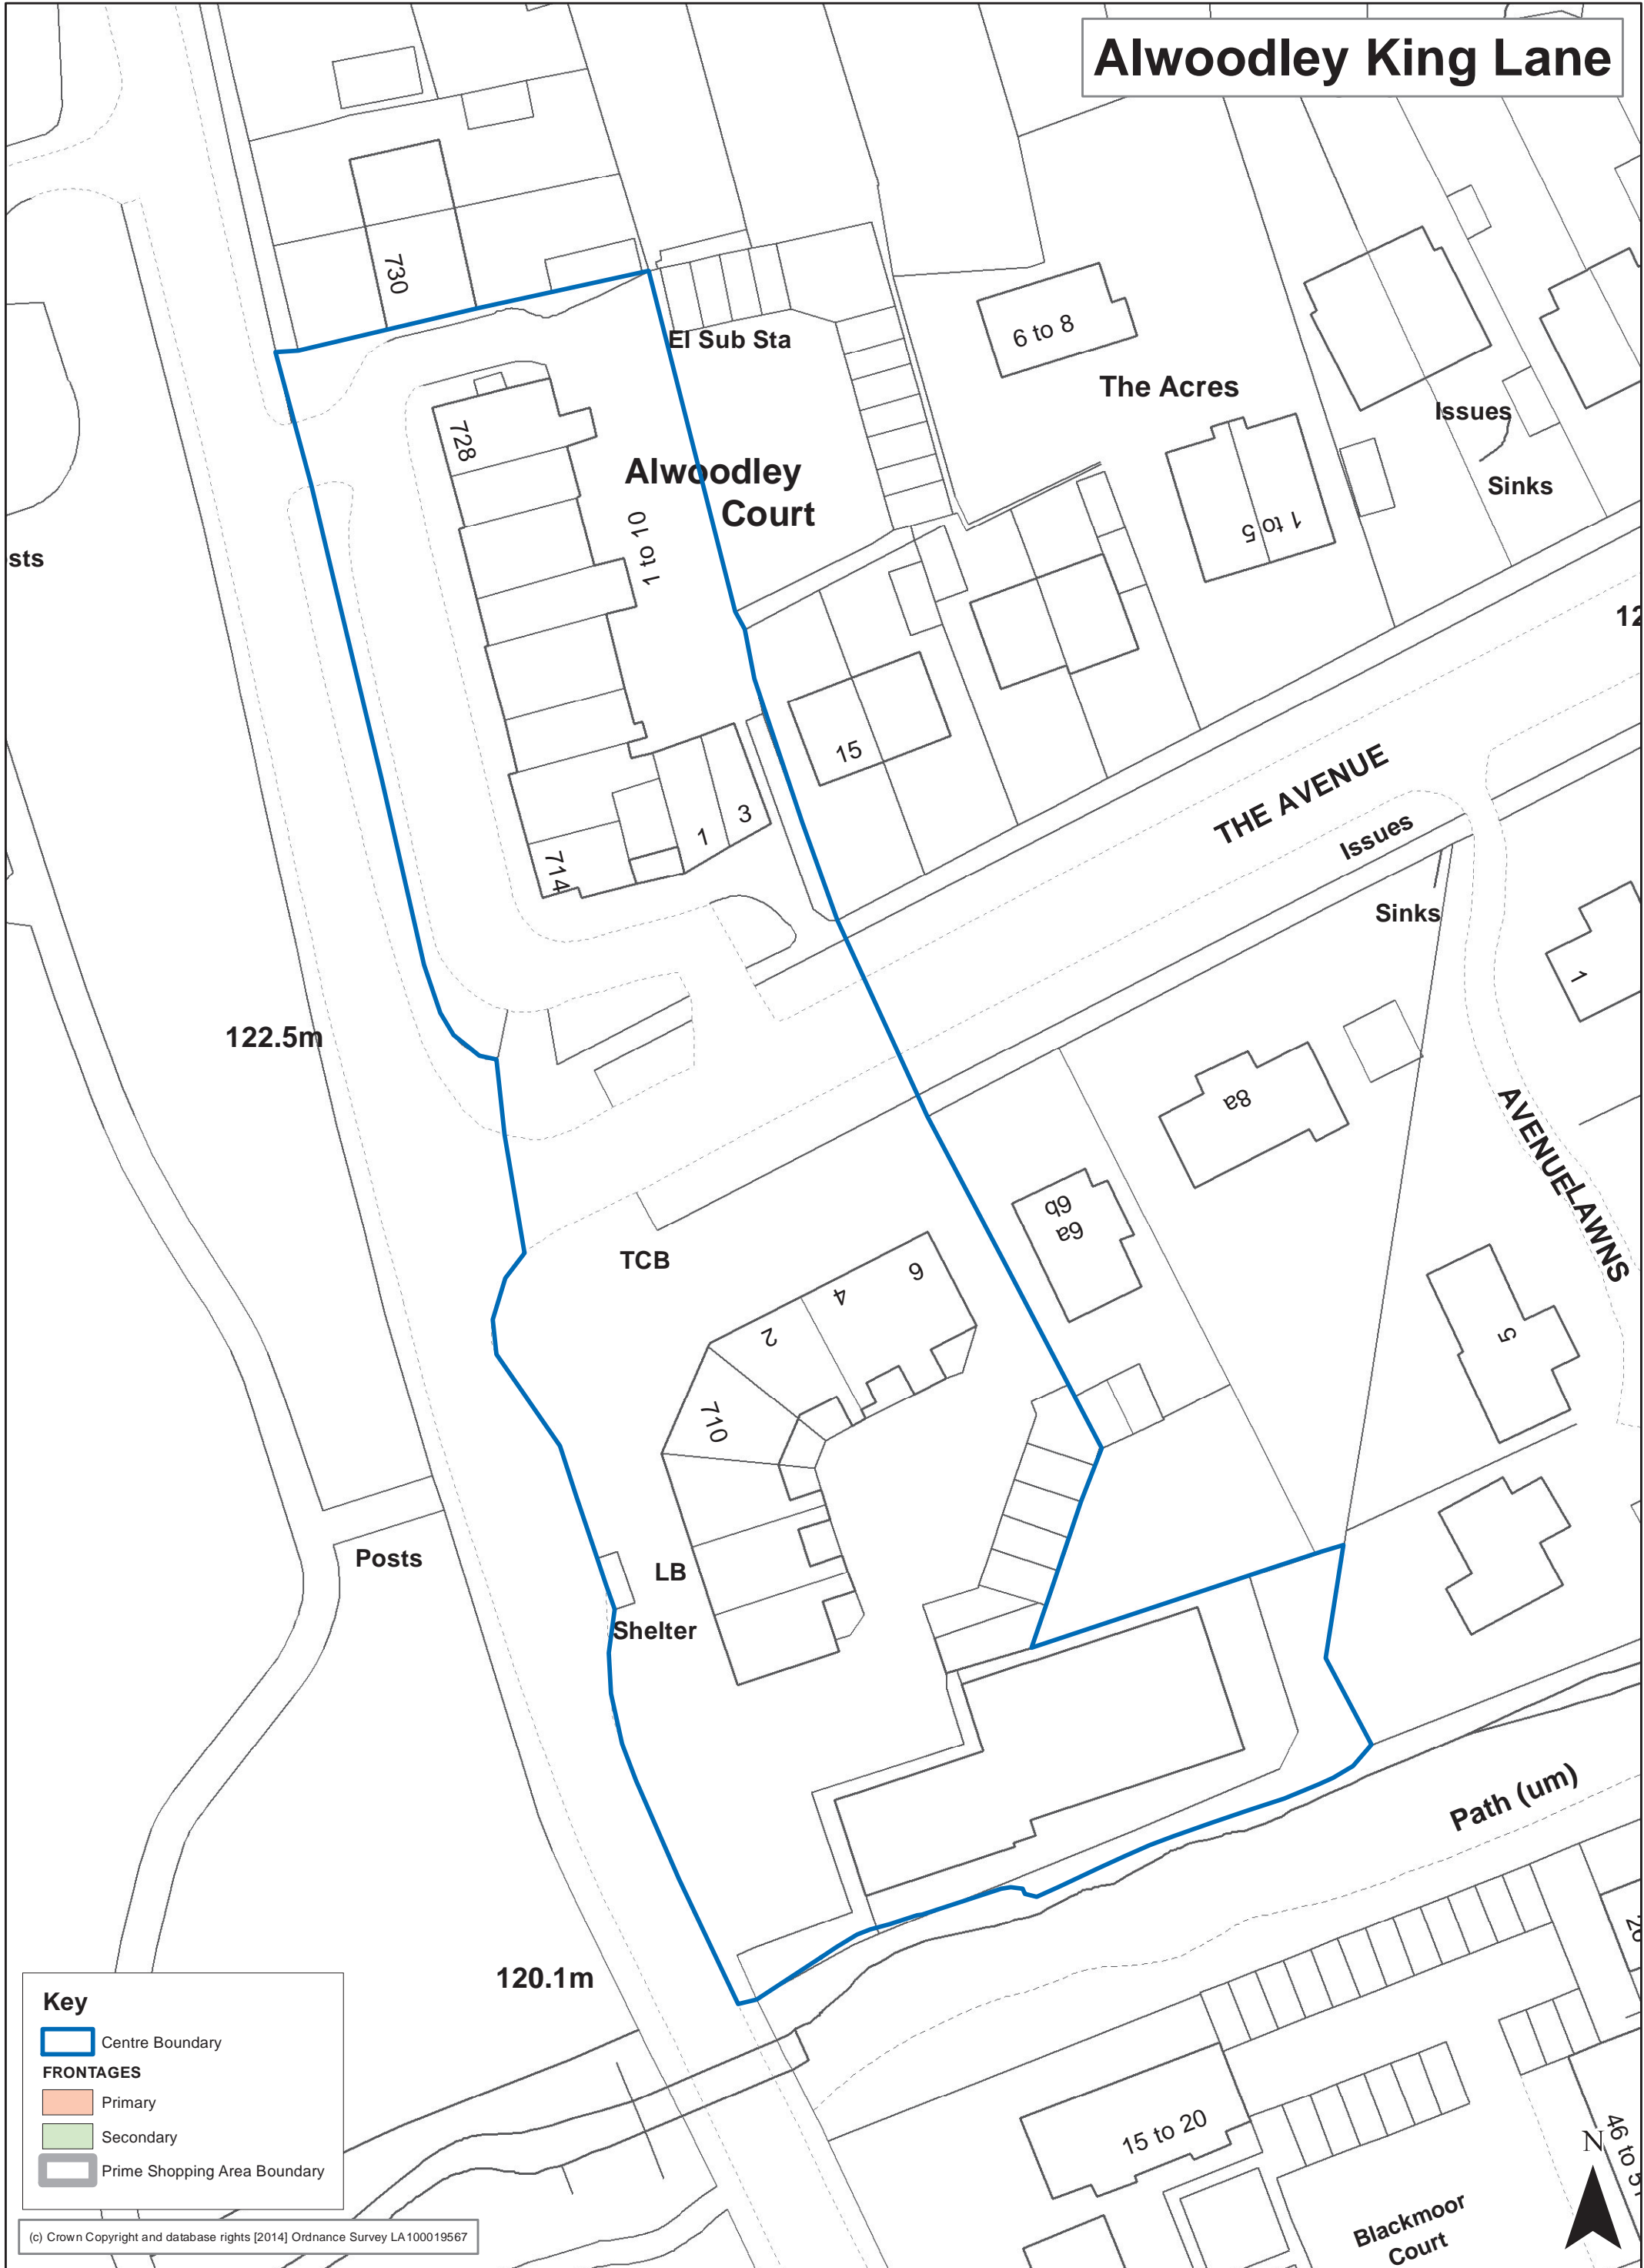

3.5.19 The plan shows the green space sites proposed for designation within the North HMCA. These are predominantly existing UDP green space sites (some updated and modified to reflect the current situation) and additional sites identified through the Open Space, Sport and Recreation Assessment (OSSRA July 2011)

. Existing green space located within housing or employment allocations is not identified for designation however green space provision within any housing proposal will be addressed through the planning application process and the application of Policy G4 (New Green Space Provision) of the Core Strategy. The provision of green space will also be a requirement in some site specific policies contained in the housing section of this chapter. Any UDP green space sites that are not shown are proposed for deletion mainly because they are no longer in an open space use or are below the 0.2ha threshold. They are listed in the Green Space Background Paper.

3.5.20 The largest area of green space within the North area is Roundhay Park (147.9ha) which provides a wider range of recreational opportunities and attracts people from across the city especially for organised events such as the bonfire and Mela. Adjacent to the park is Roundhay Golf Course, one of only 3 municipal golf courses in the Leeds area. There are a number of woodland areas that are easily accessible such as Adel Wood (36.5ha), Scotland Wood (21.4ha), Hawksworth Wood (22.7) and The Hollies (22.8ha) as well as parks and recreation grounds e.g. Bedquilts Park (22.1ha), Horsforth Hall Park (15.2ha), Alwoodley Park (12.2ha) and Stonegate Recreation Ground (10.5ha). There are distinct corridors of green space following the Adel, Meanwood and Gledhow Becks and concentrations of open space around Becketts Park and Hawksworth. Provision is still in need of improvement in terms of quantity, quality and accessibility. Revised surpluses and deficiencies by typology (undertaken in May 2015) for the Wards that fall completely or partially within the North HMCA are contained in the Green Space Background Paper.
