APPENDICES

- Appendix 1: Chronology of key milestone decisions for the SAP including Development Plan Panel and Executive Board, briefings with ward members and public consultation events
- Appendix 2: Sites with no representations at Publication or Revised Publication Stage (for Outer North East) of the Plan

1 Introduction

1.1 This Statement sets out how the City Council has met the requirements of para. 22 (1) (c) of the Local Planning Regulations 2012 in the preparation of the Site Allocations Plan (SAP). This requires a statement setting out:

- which bodies and persons the local planning authority invited to make representations under regulation 18,
- how those bodies and persons were invited to make representations under regulation 18,
- a summary of the main issues raised by the representations made pursuant to regulation 18,
- how any representations made pursuant to regulation 18 have been taken into account,
- if representations were made pursuant to regulation 20, the number of representations made and a summary of the main issues raised in those representations,
- if no representations were made in regulation 20, that no such representations were made.

1.2 This Statement also provides a headline summary of:

- where the SAP sits within the suite of Development Documents in Leeds
- the nature of the Leeds Metropolitan District,
- a summary of the SAP documents and the evidence base and how this has been used to support the Plan

1.3 This Statement is intended to be an introduction to the SAP and its processes and evidence base and is written to be read alongside the remainder of the evidence base and in particular:

- **CD1/26** the Self Assessment of Soundness
- **CD1/27** the Legal Compliance checklist
- **CD1/8** the Statement of Community Involvement

2 The Leeds Local Plan Context

2.1 The Site Allocations Plan (SAP) is a Development Plan Document which sits within a wider group of documents comprising the Leeds Local Plan. This is set out in the Local Development Scheme (**CD1/7**). The Local Plan comprises the Adopted Core Strategy (2014) (**CD2/1**), the Adopted Natural Resources and Waste Plan (2015) (**CD2/2**) and the Aire Valley Leeds Area

Action Plan – currently at Examination (**CD2/14**) alongside the Draft Submission Site Allocations Plan (**CD1/1**). A number of policies within the Unitary Development Plan Review (2006) remain extant. (**CD2/4**).

- 2.2 Page 1 of the Submission SAP (**CD1/1**) sets out the relationship with the Leeds Adopted Core Strategy (**CD2/1**). ¶1.98 of the Core Strategy states that *“an important role of the [Core Strategy] also, is to provide a strategic context and direction for the preparation of LDF allocation documents. In particular, the Core Strategy provides a framework for the Site Allocations Plan, the adoption of which is intended to take place following the adoption of the Core Strategy.”* The Core Strategy was Adopted in November 2014.
- 2.3 Paragraph 1.14 of the Core Strategy also describes the Leeds Growth Strategy: *“The focus of this is to support the desire for Leeds to be fair, open and welcoming, with an economy that is both prosperous and sustainable and all communities are successful. The strategy is based upon consolidating and enhancing the unique selling points of the City and in promoting key economic sectors for growth. These are health and medical, financial and business services, low carbon manufacturing, creative, cultural and digital, retail, housing and construction and social enterprise and the third sector.”*
- 2.4 The profile of the Leeds District is set out in Section 2 of the Adopted Core Strategy. Of particular relevance to the Site Allocations Plan are:
- The strategic role of the City Centre (paras. 2.10 – 2.12)
 - Housing and Employment (paras. 2.13 – 2.20)
 - Economic Development and Regeneration (paras. 2.21 – 2.23)
 - Transport links (paras. 2.14 – 2.27)
 - Population (paras. 2.28 – 2.29)
 - Our Green Environment (paras. 2.37 – 2.41)
 - Key Challenges (para. 2.42)
- 2.5 In reflecting this context and the priorities identified in the Core Strategy, the scope of the SAP is the allocation of Housing (and Safeguarded Land), Employment land, boundaries for Town, District and Local Centres (and Shopping Frontages) and Green space. This is set out in the Spatial Development Strategy and Thematic Policies of the Adopted Core Strategy in relation to: Policies SP6, SP7, SP9, SP10, H1, H7, G3, G4, G5 and P1.
- 2.6 The SAP is compliant and consistent with the Adopted Core Strategy – it clearly sets out achievement of quantum of development and requirements against identified housing need and employment need. The SAP and Core

Strategy are therefore interlinked and form part of an overarching framework for Leeds MD, having been developed in conjunction with one another, with a Plan - period of 2012-2028. The documents are consistent in meeting planning requirements, targets and monitoring arrangements. See Self Assessment Checklist for further details (**CD1/26**)

Summary of the SAP documents and evidence base

2.7 The SAP comprises:

- Site Allocations Plan Submission May 2017 (incorporating pre-submission changes) (**CD1/1**)
- Sustainability Appraisal Report May 2017 (**CD1/17**)
- Sustainability Appraisal Report Non Technical Summary May 2017 (**CD1/18**)
- Habitats Regulation Assessment Screening Submission Draft May 2017 (**CD1/21a**)
- Report of Consultation May 2017 (**CD1/40**)

2.8 For all the documents listed above, earlier versions of these (at different stages of the plan preparation process) are listed in the Core Document or Evidence Base list.

2.9 Underpinning the SAP are also a series of ten Background Papers which detail the evidence base used and provide more explanation of the methodology and process involved in producing the Plan. The Background Papers are thematic and relate to:

- Duty To Co-operate (**CD1/28**)
- Employment (**CD1/29**)
- Flood Risk Sequential and Exceptions Test (**CD1/30**)
- Green Belt Review (**CD1/31**)
- Green Space (**CD1/32**)
- Heritage (**CD1/33**)
- Housing (including Gypsies and Travellers and Travelling Show people) (**CD1/34**)
- Infrastructure (**CD1/35**)
- Nature Conservation (**CD1/36**)
- Retail (**CD1/37**).

- 2.10 As with the Plan itself, earlier versions of the Background Papers are also listed in the Core Document list. All Background Papers have been updated for Submission (and are dated May 2017).
- 2.11 The full evidence base is listed – see the Core Document **(CD1)** and Evidence Base **(EB1)** lists, which outline a comprehensive range of documents covering the scope of the Plan. Principal sources of evidence (outlined in the relevant Background Papers) for the topics within the scope of the Plan are as follows:
- **HOUSING:** the Core Strategy **(CD2/1)** objectively assessed needs and policies on type and mix of housing; the Strategic Housing Land Availability Assessment (SHLAA) Update 2015 **(CD8/4)**, the Leeds Community Infrastructure Levy Viability Study **(CD2/12)** and its update **(CD2/13)**, Reports on the economic viability of specific sites by the District Valuer **(EB8/5, 6 and 7)**
 - **EMPLOYMENT:** the Core Strategy **(CD2/1)** requirements for employment land; the Employment Land Review, 2006 which supported the Core Strategy **(EB3/5)**; the Employment Land Assessment **(EB3/7)**
 - **RETAIL:** the Core Strategy **(CD2/1)** and the Town and Local Centres Study **(EB11/4)**
 - **GREEN SPACE:** the Core Strategy **(CD2/1)**, the Leeds Open Space, Sport and Recreation Assessment **(EB6/4)** and the Green Infrastructure Strategy **(EB6/5)**

Further submission documents

- 2.12 Along with this submission statement **(CD1/25)** and the Plan documents and Background Papers listed above, the Council has prepared further submission documents:
- Self Assessment of Soundness **(CD1/26)**
 - Legal compliance checklist **(CD1/27)**
 - Submission Statement: Neighbourhood Plans in Leeds **(CD1/42)** to illustrate the level of activity amongst the 35 active neighbourhood planning groups throughout Leeds
 - Submission Statement: Air Quality **(CD1/43)** to make specific reference to an issue of current national concern, which has been fully addressed through the Sustainability Appraisal of the SAP

3 Timetable of preparation

- 3.1 The SAP has been in production since 2012 and has followed a rigorous process of briefings with local Ward Members, consideration via the

Council's Development Plan Panel and Executive Board. There have been three formal periods of public consultation, agreed by Executive Board, and one informal advertisement of Pre-submission Changes period. **Appendix 1** provides a detailed timescale of key milestones/progress with the Plan.

4 Pre Issues and Options consultation

- 4.1 The scope of the Plan (Housing, Employment, Retail and Green space) was agreed by the Council's Executive Board on 15th May 2012. Prior to Issues and Options (Regulation 18) consultation, the site assessment pro-forma was considered and supported at the City Council's Development Plan Panel (2nd July 2012 and 7th August 2012) and officers held workshops (one for Development Plan Panel Members and Chairs of Plans Panels and one for all Ward Members) on 25/9/12 and 28/9/12 respectively to highlight issues and discuss the Green Belt Review process.
- 4.2 Confidential meetings were held for each Ward, with respective Ward Members. This was undertaken between September - November 2012, with follow up meetings for Ward Members for each Housing Market Characteristic Area (HMCA) to discuss and inform proposals to include in the Issues and Options for the Plan publication.
- 4.3 Meetings were also held with statutory consultees including Highways England, the Environment Agency and Leeds City Region planning authorities via the Duty to Co-operate process (see CD1/28). Neighbourhood Planning Groups and Forums were also kept informed during this time, via regular updates and discussion with individual groups in supporting the progression of Neighbourhood Plans across the District.

5 Regulation 18 - Issues and Options Consultation

- 5.1 The Site Allocations Issues and Options for the Plan was agreed by the Council's Executive Board on 9th May 2013 (see **Appendix 1**) and an 8 week period of statutory consultation undertaken from 3rd June to 29th July 2013. See The Report of Consultation (**CD1/40**) for full details on the public consultation undertaken at this stage.

The bodies / persons invited to make representations under Regulation 18

- 5.2 All consultation bodies prescribed in the Council's Statement of Community Involvement (**CD1/8, Appendix 3**), including specific consultation bodies, general consultation bodies and other consultees such as persons and bodies on the Council's consultation list were invited to make representation at this stage of plan preparation. The bodies and persons invited to make representations under Regulation 18 are detailed fully in the Report of Consultation (**CD1/40**). **Appendix 1** of the Report of Consultation details the

bodies consulted.

How these bodies and persons were invited to make representations under Regulation 18

- 5.3 The consultation took the form of an Issues and Options for the Plan consultation document and questionnaire (questions were detailed within the Issues and Options Plan as well as separately). The document was available either as separate documents (introduction/overview and 11 HMCAs or as a whole) on line and in hard copy format. Hard copies were available in the Council's offices (in the City Centre Council offices and One Stop Centres) and elsewhere, e.g. Otley Town Council) and at all Libraries across Leeds. The documents were available on the Council's website, together with the questionnaire. Council officers also attended local forums, partnership meetings and area communities to promote the consultation, answer queries and record opinions and preferences on the options (see Report of Consultation **CD1/40**).
- 5.4 People could submit representations on the questions asked at this initial stage of Plan preparation via email, through downloading the comments form online, or by hard copy (submitting representations by post or at one of the consultation events).

Summary of main issues raised by the representations made pursuant to Regulation 18

- 5.5 This consultation is reported in the Report of Consultation (**CD1/40**) at Section 4. In summary **7,738 representations** were received from 6,734 individuals. 1,931 representations were made via the online form, 3,332 written paper representations (hard copies) and 2,475 representations by email.
- 5.6 General comments were made on the housing requirement being too high, and the targets for individual HMCAs being unrealistic as well as concern about loss of Green Belt and infrastructure needs (including roads, schools, doctors). The first two of these (housing requirement and HMCA targets) are considered to fall outside the scope of the Plan, as the SAP has to be in general conformity with the Adopted Core Strategy, which has already set the requirements for housing and employment (notwithstanding that a selective review of the Core Strategy has been agreed and is now advancing (see **CD1/34**)). Loss of Green Belt and the Green Belt Review are detailed in the Green Belt Review (**CD1/31**) and Housing (**CD1/34**) Background Papers, and more information regarding infrastructure, including highways, schools and health is detailed in the Infrastructure Background Paper (**CD1/35**). Most representations were made on Housing (5,970), followed by

Green Space (441), Retail (166) and Employment (157). A summary of the representations received is contained in the Report of Consultation (**CD1/40**) at paragraphs **4.46** to **4.70**.

How any representations made pursuant to regulation 18 have been taken into account

- 5.7 The consultation had an important role in informing the Publication Draft Plan. The representations were considered in making the overall decisions as to which sites were most appropriate for allocation. The majority of the proposed housing allocations were shown as 'green' sites at Issues and Options stage. These were defined as sites with the greatest potential to be allocated for housing. The majority of the sites not proposed for allocation for housing were shown as 'red' at Issues and Options stage. These were defined as sites which are not considered suitable for allocation for housing. Unless new evidence has come to light to alter the initial assessment on these sites, (including from infrastructure providers, the public consultation process etc) they have been either allocated for housing, or not, respectively. In all cases, in Outer HMCAs, the total from green sites alone would not meet the targets, so it has been necessary to give further consideration to other opportunities, particularly the amber sites. The process has sifted out those sites considered to represent the best and most sustainable choice for development in each area to make up the required target. The Housing Background Paper (**CD1/34**) gives details of the site assessment and considerations process.
- 5.8 Many views were expressed about which sites were / were not suitable for development, and these were taken into account when determining the most appropriate allocations. Where necessary, advice was sought from specialists about issues raised by respondents and their implications for development in an area and / or on a specific site. Concerns that were raised about the specific impacts of development on a site, or issues identified with particular sites, were also considered when determining what site specific requirements were needed for individual allocations, and the generic site requirements that would apply to all sites.
- 5.9 A series of Background Papers, which bring together the evidence that informed the Publication Draft Plan, and which provide a clear explanation of the approach and methodology that has taken in preparing the Plan, were prepared following the issues and options consultation. These provide additional background information on the Plan preparation process in relation to a number of specific issues (retail, employment, green space, housing, Green Belt review, infrastructure, flood risk, duty to co-operate, nature conservation and the habitats regulations). They aim to help address some of the concerns raised through the consultation by providing more

clarity about the process and / or how particular issues were taken into account and informed the preparation of the Plan.

- 5.10 In addition, extensive dialogue with elected members on the Development Plans Panel and ward members, through a series of site visits and workshops, took place between June and December 2014 for each of the HMCA areas.
- 5.11 Overall, these actions have sought to take into account the comments received through the consultation, and ensure the Publication Draft Plan was as sensitive to local concerns as possible, with a view to limiting the impact on the Green Belt and respecting the character and identity of communities.
- 5.12 At Issues and Options Stage a number of key landowners confirmed the availability of their land for development.

Outer North East

- 5.13 The SAP Issues and Options in June 2013 (**CD1/41**), paragraph 6.3.6 stated *"in Outer North East there is uniquely an opportunity to consider whether a new settlement represents the most appropriate way of meeting housing growth needs of the area (consistent with the NPPF paragraph 52)"*. Question H4a asked *"Do you think that the development of a new settlement at Spen Common Lane near Bramham could be delivered sustainably and represents a better alternative than the amber sites?"* (the amber sites were mostly scattered around all the smaller settlements).
- 5.14 There were 337 responses to this specific question, with 203 (60%) saying yes, they favoured a new stand-alone single settlement at Spen Common Lane/Headley Hall, Bramham (site MX2-33 in the Publication Draft SAP), 18% disagreed and 23% didn't know or objected outright to the Bramham site rather than directly answering the question as to whether a new settlement was a preferable option. (See also Housing Background Paper **CD1/34**).
- 5.15 The support for a new settlement established at Issues and Options stage (albeit for a site that was subsequently withdrawn – MX2- Headley Hall, Bramham) influenced the selection of a new settlement (MX2 Parlington) in the submission draft Plan.

6 Regulation 20 – Publication Draft

- 6.1 The Publication Draft Site Allocations Plan was agreed by the Council's Executive Board on 15th May 2015 and an 8 week period of statutory consultation undertaken from 22nd September – 16th November 2015. See **Section 5** of the Report of Consultation (**CD1/40**) for full details on the public consultation undertaken at this stage.

6.2 At the time of publication, the landowner for the new settlement in Outer North East, site MX233-Headley Hall withdrew this site. As a result of this, the Council reconsulted on the revised proposals for this area only to bring this part of the plan in line with the rest of the Site Allocations Plan. The Council's Executive Board agreed the Revised Publication Draft Plan for Outer North East HMCA on 21st September 2016 and there was a statutory period of public consultation for this area only from 26th September - 7th November 2016. The Report of Consultation gives details of events held within the 2 respective periods of statutory consultation (**CD1/40**).

If representations were made pursuant to regulation 20, the number of representations made and a summary of the main issues raised in those representations

6.3 In total **9,644 submissions** were made during the consultation period which related to the Site Allocations Plan. This was made up of: online submissions (3,765); e-mail submissions (3,210) and paper submissions (2,669).

6.4 A significant proportion of the submissions made comments on more than one site or element of the plan. All submissions were analysed by officers and an individual representation was logged for each specific comment raised (i.e. on a particular site / policy / element of the Plan). In total **45,997 individual representations** were received. This figure includes all representations, including 'general' representations which were not site, or HMCA, specific.

	No. of representations	No. of Sites
Sites proposed for allocation	37,461	532
Sites not proposed for allocation	3,585	267
New site suggestions	1,582	113
General issues	3,369	n/a

6.5 The majority of representations related to housing proposals (26,508 representations), followed by green space (8,815), employment (921), retail (14). Representations on a range of 'general' issues, such as the housing target, phasing and infrastructure which were not site specific were also received.

6.6 The representations which related to specific HMCA areas can be broken down as follows:

HMCA	No. of representations
Aireborough	7,547
City Centre	74
East	1,867
Inner	127
North	6,207
Outer North East	1,407
Outer North West	13,537
Outer South	2,202
Outer South East	1,418
Outer South West	4,304
Outer West	2,356
Total	41,046

- 6.7 In registering and processing representations it was noted that there was some duplication between submissions made by the same respondent online, by email and by paper. Efforts were made to remove duplicate copies of responses from the same respondent when the submissions processed (so that only 1 copy was logged). However, due to the volume of submissions received there is potential that some duplication may remain.
- 6.8 All submissions received were read by officers and entered into a database to enable analysis. The database was used to record whether each representation considered that the plan was sound (and the relevant tests of soundness that the respondent referred to), whether they considered the Plan was legally compliant (and which part of legal compliance the comments related to) and whether the respondent wished to take part in the examination or be notified of the next stages in the Plan preparation process. Where comments related to a site it also recorded which site the comments related to and whether the representation agreed with the proposed use of the site.
- 6.9 Officers also identified what issues were raised through the detailed comments made. The issues raised in each representation were categorised by theme in the database, and it was noted whether the comment in relation to each theme was in support of the Plan, objected to the Plan, or was neutral. The Report of Consultation (**CD1/40**) sets out the 28 broad themes used, and provides examples of the types of issues that they each covered in Table 9.
- 6.10 The process of reading, analysing and logging each representation into the database enabled the Council to build up a detailed understanding of the issues raised on a general and site-by-site basis.

- 6.11 A wide range of views were expressed through the consultation. The majority of representations related to specific sites or designations. This included representations raising concerns about the proposed allocation of a site for a variety of reasons, as well as representations supporting its allocation. A significant number of general comments were also made. This included comments on matters such as the overall approach of the Plan, the site selection methodology of the Plan, the policies and text in the introduction and overview chapters, specific background papers and other general (non-site specific) matters.

Outer North East Revised Publication

- 6.12 Due to the withdrawal of site MX2-33 (Headley Hall), which was to accommodate a significant proportion of the housing requirement for the Outer North East area, alternative options for delivering the housing requirements in this part of the District had to be considered. Following evaluation of all of the options a revised Publication Draft Plan for the Outer North East area was prepared. This took into account the representations made during the consultation, alongside other evidence and material planning considerations. An alternative selection of proposed allocations were identified to meet the housing requirement for the area. This included some sites which were previously proposed for allocation, alongside some new sites that were submitted through the consultation and sites that were previously discounted.
- 6.13 The significance of the changes proposed to the Plan for this Outer North East area placed this HMCA a procedural stage behind the rest of the Plan. This meant that it was necessary to undertake a further Publication Draft consultation, focused on this area, to fulfil the requirements of regulation 19. This was vital to ensure that all stakeholders interested in the Outer North East area have had an opportunity to comment on the Publication Draft Plan for the Outer North East which is being submitted for examination. Further details on this consultation are provided in the Report of Consultation at Section 6.
- 6.14 In total **3,736 submissions** were made during the consultation period which related to the Site Allocations Plan. This was made up of: Online submissions (448) Email submissions (555) Paper submissions (2,733). In total **4073 individual representations** were received.

	No. of representations	No. of Sites
Sites proposed for allocation	3727	36
Sites not proposed for allocation	169	88
New site suggestions	13	13
General issues	164	n/a

- 6.15 The majority of representations received related to the proposed new settlement at Parlington. Most of these objected to the proposal, though a small number of supportive comments were received. Comments made by statutory consultees about the proposal related to the potential impact of the proposal on heritage and archaeology, the highways network, ecology and the nearby ancient woodland. Local community concerns were also raised about these matters, as well as on issues such as the impact on the Green Belt, green space uses of the site, localism, the use of greenfield land instead of brownfield land, the housing target, landscape impact and a lack of employment opportunities.

If no representations were made in regulation 20, that no such representations were made

- 6.16 Many sites did not attract any specific representations during the Publication Consultation. These are noted in the appendices to the Report of Consultation and for ease are set out in full as **appendix 2** to this Submission Statement.

7 Further non statutory consultation on Pre-submission changes to the Plan

- 7.1 Following the statutory public consultation on the Publication Draft Plan (regulation 20), officers analysed the representations received and identified key issues which could affect the 'soundness' of the Plan, recommending where a change was needed to make the plan sound. (The aim being to reduce the number of outstanding objections to be heard via the examination process by advertising modifications or pre-submission changes to the Plan prior to submission.) These were presented to Development Plan Panel on 5.4.16, 14.6.16, 28.6.16, 19.7.16 and 10.1.17 and Executive Board on 8th February 2017 agreed that these pre-submission changes be advertised for comment. The proposed pre submission changes to the Plan were subsequently advertised for comment between 13th February and 27th March 2017.

- 7.2 This included updated planning application approvals (up to 1st April 2016), which has resulted in some proposed new allocations becoming identified sites. New sites have also been submitted for consideration either during the earlier consultation process or as part of the SHLAA (which is updated annually). These have been assessed (site assessment, including comments from infrastructure providers, and sustainability appraisal) and a decision made as to whether the site is proposed for allocation or not (new allocations being listed in the schedule of pre-submission changes).
- 7.3 A relatively limited number of changes are proposed for the Plan, which is to be expected given the advanced stage of the Plan and the endorsement of the Executive Board to the Publication Draft in July 2015.
- 7.4 In total **9,097 submissions** were made during the advertisement period which related to the pre-Submission Changes to the Site Allocations Plan. This was made up of: Online submissions (194) Email submissions (1,981) Paper submissions (6,922). Of the paper submissions 6,342 were concerning MX2-39 Parlington. These paper submissions comprised, in varying numbers, 36 standard letters relating to MX2-39 Parlington. This was due to the distribution and sharing of letters amongst local people and their wider contacts with a common view on the proposal. Whilst not lessening the clear strength of concern elicited on the Parlington proposal it is important to stress that there are only 36 different representations from 6,342 people.
- 7.5 Alongside MX2-39 which attracted by far the greatest level of response there are a range other representations on the Pre-Submission changes as follows:

Plan Reference	Address	Reps
MX2-39	Parlington Estate, Aberford (Phase 1)	12,549
HG2-41	South of A65 from Horsforth & Rawdon RA to crematorium	1,652
HG2-12	Woodlands Drive, Rawdon	822
HG2-43	Horsforth Campus	305
HG2-1	New Birks Farm, Ings Lane, Guiseley	248
HG2-10	Gill Lane, Yeadon LS19	206
HG2-49	Off Weetwood Avenue, Headingley, Leeds	215
HG2-4	Hollins Hill and Hawkstone Avenue, Guiseley	110
HG2-5	Land at Coach Road, Guiseley	84
HG2-6	Silverdale Avenue (land at), Guiseley	65

- 7.6 Officers have not analysed or responded to these further, but, as per the resolution of Executive Board these further comments are submitted directly to the Inspector for consideration via the examination process.

APPENDIX 1: CHRONOLOGY OF KEY MILESTONE DECISIONS FOR THE SAP INCLUDING DEVELOPMENT PLAN PANEL AND EXECUTIVE BOARD, BRIEFINGS WITH WARD MEMBERS AND PUBLIC CONSULTATION EVENTS

Stage	Date	Consultation/Milestone
Scope of the Site Allocations Plan (SAP) – Retail, Housing, Employment, Green space	6.3.12	¹ Development Plan Panel – Consideration
Scope of the Site Allocations Plan (SAP)	16.5.12	² Executive Board – Resolved: That the scope of the Site Allocations Development Plan Document, as outlined within the submitted report, be approved.
Site Assessment Pro-forma agreed	2.7.12	Development Plan Panel - Consideration
Pro-forma presented again under the minutes from the previous meeting	7.8.12	Development Plan Panel - Consideration
Ward member briefing to consider specific sites within ward and initial thoughts on ‘traffic light’ system	25.9.12	Calverley and Farsley ward meeting
Member workshop – outlined scope of plan and proposed methodology including ‘traffic light system’ for Issues and Options and green belt review assessment	25.9.12	Workshop for Dev Plan Panel and Chairs of Plans Panels
Member workshop – same as above	28.9.12	Workshop – open to all members
Ward member briefing (as above)	1.10.12	Otley and Yeadon ward briefing
Ward member briefing (as above)	1.10.12	Adel and Wharfedale ward briefing
Ward member briefing (as above)	4.10.12	Moortown ward briefing
Ward member briefing (as above)	5.10.12	Farnley and Wortley ward briefing
Ward member briefing (as above)	9.10.12	Farnley and Wortley ward briefing
Ward member briefing (as above)	10.10.12	Rothwell ward briefing
Ward member briefing (as above)	15.10.12	Horsforth ward briefing
Ward member briefing (as above)	16.10.12	Wetherby and Harewood wards briefing
Ward member briefing (as above)	16.10.12	Kippax ward briefing
Ward member briefing (as above)	17.10.12	Burmantofts and Richmond Hill briefing
Ward member briefing (as above)	23.10.12	Guiseley and Rawdon ward briefing
Ward member briefing (as above)	25.10.12	City and Hunslet ward briefing
Ward member briefing (as above)	26.10.12	Morley South ward briefing
Ward member briefing (as above)	29.10.12	Ardsley and Robin Hood ward briefing
Ward member briefing (as above)	29.10.12	Kirkstall ward briefing
Ward member briefing (as above)	30.10.12	Ardsley and Robin Hood ward briefing
Ward member briefing (as above)	31.10.12	Armley ward briefing
Ward member briefing (as above)	2.11.12	Beeston Hill and Holbeck ward briefing
Ward member briefing (as above)	5.11.12	Headingley ward briefing
Briefing with ward members for the Housing Market Characteristic Area (HMCA) concerned) to review work on Issues and Options prior to	21.12.12	Outer South HMCA member briefing – not completed – set further briefing date

¹ Under the City Council’s Constitution, Development Plan Panel has no decision making powers.

² Under the City Council’s Constitution, Executive Board is the principal decision making body of the Council.

Development Plan Panel (DPP) and Executive Board		
As above	21.12.12	Aireborough HMCA member briefing
As above	14.1.13	Outer South HMCA member briefing
As above	22.1.13	Outer NW HMCA member briefing
