

## Godwin, Cameron, Joe, Samuel and Simon

Our idea is to create an enjoyable experience for children aged 7 to 16 in Leeds city centre through an interactive picture taking activity in and around the city centre. Children get bored when shopping with their parents so they can use an application to take pictures and earn points. The more points the closer you are to a prize (vouchers). The app will earn revenue for Leeds. Some images accumulate more points. One month the images could be football themed etc.
