

We need your views on the Area Action Plan for Aire Valley Leeds

Have Your Say!

The plan sets out a range of future land uses and proposals including:

- Enough employment land to deliver 27,000 new jobs to the area.
- New facilities, including new schools, shops and health facilities.
- Public transport that allows the movement of people and goods in/out and around Aire Valley Leeds.
- Environmental improvements, such as improving the odour problem associated with Knostrop waste water treatment works.
- Up to 7,000 new houses, including family and affordable housing.
- New recreational opportunities around the river and canal.
- Investment in training and skills and child care facilities, to ensure local communities benefit from the new opportunities.
- Maximising the development of some 250 hectares of derelict and contaminated land.

TELL US WHAT YOU THINK!
