Dear \_\_\_\_\_

I am writing to let you know that I am concerned the following issues may be causing a rodent problem to our properties.

- **List any problems which you feel could be contributing**

This is causing me a problem in that (here write about the effect the rodent problem is having on you. **For example, “I am scared to go into the garden”, “I can not treat the problem with poison because the rats prefer to eat the food in your compost bin”, “the rubbish in your garden is unsightly and is attracting rats”, “excessively feeding birds is also attracting rats and I am very concerned”.**

Perhaps you are not aware of the rats or that your garden could be a contributing factor to their survival. However, I would appreciate it if you could **(take action to resolve this/these issue/issues).**

Thank you in anticipation.

Yours Sincerely
