

INTRODUCTION TO MARLISLE

Anna Maltz

3 hour class

Students to bring (if venue not providing a packet):

- 4ply weight yarn in at least 2 contrasting, but harmonious colours. At least 25gr of each. Go for 100% wool, ideally not super wash treated – you want something a little ‘sticky’.
- 3.25mm DPNs or circular needles long enough for magic loop (depending on personal preference). Students can bring a range of sizes from 2.5mm to 4.5mm, if they wish to adjust for their personal tension.

***Note:** If you want, you can bring to colours of DK weight yarn instead of the 4ply (or in addition to), with corresponding needle sizes*

- pencil
- scissors
- ruler or tape measure

Homework: It would be helpful if you worked out which needle size works for you to get a DENSE garter stitch using two 4ply yarns held together.
