

Independent Examination of the Scarcroft Neighbourhood Plan

Second set of Questions to Leeds City Council and Scarcroft Parish Council

Terry Raymond Heselton BA (Hons), Dip TP, MRTPI

Independent Examiner

Terry Heselton Planning

21 August 2018

In order to ensure I have the most up to date information I would appreciate clarification on the following matters which are referred to in the built environment section of the Plan. These additional questions supplement my first set of questions issued on 27 July 2018.

Policy BE2/Non Statutory Local Heritage Assets

1. Has Leeds City Council prepared a 'Local List' of non-designated heritage assets as referred to in paragraph 039 of Planning Practice Guidance, or does the Council intend to do so. If the Council has prepared a 'Local List' please provide details of any 'assets' identified within the Scarcroft Neighbourhood Area.

Conservation Area Review

2. Please provide an update on the progress of the Scarcroft Conservation Area Review which was published for consultation in April 2016.

Conservation Area Boundary

3. Can you confirm that the blue boundary on Map 3 (Conservation Area) shows minor amendments to the existing conservation area boundary proposed by the City Council.

Conservation Area Appraisal and Management Plan

4. Please provide an update on the status of the Conservation Area Appraisal and Management Plan which is referred to as 'currently awaiting consultation by LCC' in the third paragraph on page 20 of the Plan.

It would be helpful if you could respond to these questions by Friday 31 August 2018.

In order to ensure openness and transparency any questions or points of clarification raised by myself and the City Council's responses to them should be published on the City Council's website.
