### This is your chance to have your say

This consultation sets out options for the Site Allocations Plan to identify land for retail, housing, employment and greenspace across Leeds. The council is seeking your views on the approach taken and the site suggestions made, and whether other sites and proposals should be considered.

Leeds City Council is consulting on the Leeds Site Allocations Plan Issues and Options from 3<sup>rd</sup> June to 29<sup>th</sup> July 2013. The Issues and Options documents and response form are available for inspection at the following locations.

- Development Enquiry Centre, City Development, Leonardo Building, 2 Rossington Street, Leeds, LS2 8HD (Monday – Friday 8:30am – 5pm, Wednesday 9:30am – 5pm)
- All libraries across the Leeds district please check local opening times
- All One Stop Centres across the Leeds district

These documents are also published on the council's website. To download or view the material go to <a href="www.leeds.gov.uk/siteallocations">www.leeds.gov.uk/siteallocations</a>. Please submit your response to the consultation on-line via the council's web site.

PLAN 3.2A Cross Gates Town Centre

PLAN 3.2B Halton Town Centre

PLAN 3.2C Plan showing all centres and 'call for sites' submissions

HOUSING: EAST PLAN 3.3 Housing

EMPLOYMENT: EAST PLAN 3.4 Employment

**GREENSPACE: EAST** 

PLAN 3.5A UDP Greenspace allocations and open space audit sites

PLAN 3.5B Types of Greenspace

### 3.1.0 INTRODUCTION

- 3.1.1 Volume 1 of the Site Allocations Plan Issues and Options sets out the approach and an overview for each topic which will be included in the final Site Allocations Plan. The plan will cover Retail, Housing, Employment and Greenspace allocations. Please see Volume 1 in conjunction with the area proposals for a full understanding of the context and work involved in producing the Issues and Options for the plan.
- 3.1.2 Plans for initial proposals for retail, housing, employment and green space are at the end of this document. View the plans on line at <a href="www.leeds.gov.uk/siteallocations">www.leeds.gov.uk/siteallocations</a>. Please note that if you view this document on line, you can access the full site assessments for housing and employment sites. If you do not have access to a computer, you can use computers at libraries. The Council can make further details available on request, but printing costs may be incurred. It is not practical to put all site details in an appendix due to the volume of sites and information involved.
- 3.1.3 The East Leeds area is characterised by an area which covers the eastern parts of the Main Urban Area of Leeds (including the communities of Cross Gates, Austhorpe and Colton), together with Temple Newsam Park and the major employment area of Cross Green. Major transport infrastructure falls within the area, including the M1, together with major rail links. Within the area, the Wyke Beck Valley also forms an important part of the wider network of Green Infrastructure.

### 3.2.0 EAST RETAIL ISSUES AND OPTIONS:

- 3.2.1 Both Cross Gates and Halton are identified as town centres, offering a wide range of goods and services. Cross Gates is the larger of the town centres, although recent developments at Halton have improved the retail offer. No new centres are proposed in this area. There are two centres within the East area:
  - Cross Gates Town Centre (see Plan 3.2A)
  - Halton Town Centre (see Plan 3.2B)
- 3.2.2 For each centre a review of the centre boundary and survey of current uses has been undertaken. This has involved redefining the boundaries of town centres to accommodate retail development within centres. The council is not allocating sites for retail in these centres but making boundary changes may provide scope to accommodate additional retailing. The survey of uses has been used to determine the primary shopping area and frontages (primary and secondary). It is proposed to expand the Cross Gates boundary to include existing retail uses on the fringe of the centre and a small opportunity site on the ring road, near the rail station. The Halton boundary has been expanded slightly to reflect recent developments and further opportunities in the centre.
- 3.2.3 Volume 1 page 14 defines these as:

### **Primary Shopping Areas (PSA)**

This is the area where retail development and activity is concentrated.

### Frontages

**Primary Frontages** include the main shopping core of the centre where class A1 premises, such as shops, post offices, travel agencies, hairdressers and dry cleaners, are normally protected.

**Secondary Frontages** include premises on the edge of centres where a wider mix of uses are permitted including financial and professional services, restaurants and cafés and pubs.

See page 14 Volume 1 for full details as to why these designations are required.

### 3.2.4 Call for sites

The following sites were submitted for retail use as part of the council's 2012 'call for sites':

There were six sites submitted within the East area:

| Site Name  | REF     | Ward                              | Nearest<br>Centre | Distance<br>to Edge of<br>Centre<br>buffer (m) <sup>1</sup> | Sequential<br>Location                | Comment   |
|--|---------|-----------------------------------|-------------------|---|---------------------------------------|---|
| Land Parcel<br>9786,<br>Knowsthorpe<br>Lane, Leeds   | CFSM026 | Garforth &<br>Swillington         | Halton            | 1,941   | Outside<br>Centre &<br>300m<br>Buffer | Mixed use<br>submission for<br>employment, housing<br>and retail. Will be<br>assessed through<br>Aire Valley AAP.   |
| Land At Junction<br>Coal Road/Ring<br>Road, Seacroft,<br>Leeds   | CFSM025 | Cross Gates<br>& Whinmoor         | Seacroft          | 183   | Outside<br>Centre &<br>300m<br>Buffer | Mixed use submission for employment and retail. Limited demand for additional floor space in this area to 2026. Currently a small oversupply. Sequentially inappropriate. |
| Pontefract Lane<br>/ Newmarket<br>Approach,<br>Leeds   | CFSM048 | Burmantofts<br>& Richmond<br>Hill | Hunslet           | 1,139   | Outside<br>Centre &<br>300m<br>Buffer | Mixed use<br>submission for<br>employment and<br>retail. Will be<br>assessed through<br>Aire Valley AAP.  |
| Sites at Cross<br>Green/Knowstho<br>rpe Way/Cross<br>Green<br>Way/Cross<br>Green<br>Approach/Know<br>sthorpe Road<br>LS9 | CFSM045 | Burmantofts<br>& Richmond<br>Hill | Hunslet           | 519   | Outside<br>Centre &<br>300m<br>Buffer | Mixed use submission for employment and retail. Multiple sites. Will be assessed through Aire Valley AAP.   |
| Skelton Gate,<br>Leeds   | CFSM037 | Garforth &<br>Swillington         | Rothwell          | 1,645   | Outside<br>Centre &<br>300m<br>Buffer | Mixed use submission for employment, housing and retail. Will be assessed through   |

<sup>&</sup>lt;sup>1</sup> The buffer is 300m from the identified edge of centre. Sites with 0 metres, are within the centre or within the buffer. The figure is the distance from the buffer. To calculate the distance from the closest identified centre, add 300 metres.

Leeds Site Allocations Plan: Volume 2 - 3 East

4

| Site Name      | REF     | Ward    | Nearest<br>Centre | Distance<br>to Edge of<br>Centre<br>buffer (m) <sup>1</sup> | Sequential<br>Location | Comment                |

|                |         |         |                   |   |                        | Mixed use              |
|                |         |         |                   |   |                        | submission for         |
| Land At Haigh  |         |         |                   |   | Outside                | employment, housing    |
| Park Road,     |         |         |                   |   | Centre &               | and retail. Will be    |
| Stourton, LS10 |         | City &  |                   |   | 300m                   | assessed through       |
| 1RT            | CFSM002 | Hunslet | Hunslet           | 1,161   | Buffer                 | Aire Valley AAP.       |

See plan 3.2C showing the location of the 'call for sites' submissions in the table above.

### QUESTIONS ON RETAIL ISSUES AND OPTIONS

The council would like your views on the proposed boundaries and frontage designations.

R1. Do you have any comments on the proposed centre and Primary Shopping Area (PSA) boundary? Please state the centre/s to which your comments relate.

Use plans to support your comments where possible.

R2. Do you have any comments on the proposed frontage designations? Please state the centre/s to which your comments relate.

Use plans to support your comments where possible.

- R3. Do you have any comments on the 'call for sites', sites coming forward for retail uses within the plan period?
- R4. Do you have any other sites to suggest for retail development ?(please provide details and plans).

Leeds Site Allocations Plan: Volume 2 – 3 East

### 3.3.0 EAST HOUSING ISSUES AND OPTIONS:

- 3.3.1 See Volume 1, pages 16 20 for a full explanation of the approach to considering which sites should be allocated for housing. See plan 3.3 Housing showing the sites referred to in this section.
- 3.3.2 **Total housing target for East** (set out in the Core Strategy) = 11,400 units (17% of District wide total)

### Total number of dwellings/capacity we are seeking:

The target of 11,400 residential units does not mean that land for 11,400 new units has to be allocated for housing. From the overall total, existing allocations (previous UDP housing allocations not developed) and planning permissions with units still remaining to be built as at 31.3.12 will be deducted. These sites are listed in table 3.3.1 below and will count towards the overall target. They are shown in lime green on plan 3.3 Housing.

Table 3.3.1.

Table illustrating existing permissions and allocations as at 31.3.12. These sites are shown in lime green on the plan.

| Site<br>Ref                       | HLA Ref       | Address  | Capacity | Complete | Under construction | Not<br>started |

| 0                                 | 2104360       | Pepper Road LS10   | 2        | 0        | 0                  | 2              |
| 3182                              | 2104800       | Rocheford Court, Pepper Lane, Hunslet*   | 23*      | 0        | 0                  | 23*            |
| 3219                              | 3200364       | Ash Tree Grove (PFI F) LS14  | 14       | 0        | 5                  | 9              |
| 3227 3203440 Naburn Approach LS14 |               |  | 12       | 8        | 4                  | 0              |
| East Le                           | eds TOTAL     | ·  | 6228     | 196      | 50                 | 5982           |

<sup>\*</sup> Rocheford Court, Pepper Lane, Hunslet - site split between Inner Area (3 units) and East Leeds (23 units)

The number of dwellings still to be built (still under construction or not started) is 50+ 5982 (last 2 totals in table) = 6032 dwellings still to be built from existing permissions and allocations.

So, the residual target is 11400 - 6032 = 5368 units remaining to find from pool of SHLAA sites as at 31.3.12, minus sites in Aire Valley.

<sup>\*</sup> East Leeds Extension - site split between Outer North East (675 units) and East Leeds (1325 units), total of 2000 units

<sup>\*</sup> Land At Cartmell Drive, Halton, Leeds - site split between Inner Area (31 units) and East Leeds (31 units)

### Aire Valley Area Action Plan (AAP)

The area that falls within the Aire Valley AAP is not to be included within the Site Allocations Plan, but will be considered within the area action plan.

SHLAA sites within the area but that also fall within Aire Valley AAP boundary likely to be allocated for housing in the area action plan will also have to come off the total capacity figure to find.

So 5368 - 2328 from likely housing allocations in the part of the housing market characteristic area that falls within the Aire Valley boundary = **3040 units to find from remaining pool of SHLAA sites.** 

3.3.3 As Volume 1 para 8.3 explains figures will constantly change as planning permissions are granted through the course of production of this plan. In addition, the target set in the Core Strategy could change as the Core Strategy plan is not yet adopted. The target for each area is therefore based on information at a point in time. If the final target is less, we will be able to further select from the pool of sites the ones we consider most suitable for development. If the final target is more we will have to reconsider some sites, or consider further suggestions for sites.

### 3.3.4 Sites 'sieved out' of the assessment process (removed from further consideration)

See page 17 Volume 1 for an explanation of sites which have been sieved out as a first stage in the overall assessment process.

No sites have been sieved out within the East Leeds area.

### 3.3.5 Remaining sites in the Strategic Housing Land Availability Assessment (SHLAA) to assess

The sites remaining in SHLAA after taking account of sites in table 3.3.1 are the ones left to assess to see which may have potential as housing allocations. A site assessment methodology has been developed. The site proforma including the Green Belt Review Assessment is attached at Volume 1 Appendix.

All sites have been assessed using this proforma and the Green Belt Review assessment undertaken where relevant. In addition a sustainability appraisal has been undertaken of all sites surveyed. See the Issues and Options Sustainability Appraisal Report.

From undertaking this process, sites have been categorised according to the following colour coding:

- Green sites which have the greatest potential to be allocated for housing.
- Amber sites which have potential but there may be issues which need to be resolved, or the site may not be in such a favoured location as those highlighted in green.
- Red sites which are not considered suitable for allocation for housing.

Table 3.3.2 shows the colour coding and reasons for the sites being within the relevant categories. The colour coding and sites listed are shown on Plan 3.3 Housing.

### TABLE 3.3.2: SITES ASSESSED FOR POTENTIAL HOUSING ALLOCATIONS IN EAST

| No. of sites assessed | Site Ref<br>and colour<br>coding                             | Site Address                                  | Ward                        | Site<br>Area<br>(ha.) | Site<br>Capacity | Summary Reason for Colour Coding.   |
|-----------------------|--|---|-----------------------------|-----------------------|------------------|---|
| 1                     | 267  | Wykebridge Depot,<br>Killingbeck Bridge, LS14 | Killingbeck & Seacroft      | 0.64                  | 23               | Vacant brownfield site. Suitable in principle for residential development.  |
| 2                     | 282  | Manston Lane                                  | Cross Gates and<br>Whinmoor | 6.299                 | 189              | Brownfield site. Planning permission granted for residential development 14/11/2012 (application no. 08/00298/OT).  |
| 3                     | 807  | Strikes, Red Hall Lane,<br>LS17               | Cross Gates and<br>Whinmoor | 0.782                 | 20               | Planning permission granted for residential development 20 units 17/08/2012 (11/05078/FU).  |
| 4                     | 1094A<br>(Part of<br>Site in<br>Outer<br>North East<br>area) | Between Red Hall Lane<br>and Manston Lane     | Cross Gates and<br>Whinmoor | 377.67                | 9914             | Site 1094 has been split into two as part B is not connected to A. If site A is developed the site would link Scholes with the boundary of the allocated East Leeds extension effectively merging Scholes with the main urban area, contrary to one of the purposes of Green Belt, to prevent the coalescence of settlements. Significant highway concerns relating to access, impact on local network and relationship to the proposed East Leeds Orbital Route. |
|                       |  | Between Red Hall Lane                         | Cross Gates and             |                       |                  | Site 1094B is situated between a beck on the northern boundary and residential development on the southern boundary. The site   |
| 5                     | 1094B  | and Manston Lane                              | Whinmoor                    | 0.939                 | 34               | has no direct road access.  |

| No. of sites | Site Ref<br>and colour                | 01/2 4 1 1/2 2  | NA I   | Site<br>Area | Site     | Output December for Oallow Oallow   |
|--------------|---------------------------------------|---|--|--------------|----------|---|
| assessed     | coding                                | Site Address  | Ward   | (ha.)        | Capacity | Summary Reason for Colour Coding.   |
| 6            | 1295B                                 | Land to the east of Skelton<br>Lake                               | Garforth &<br>Swillington                    | 28.470       | 620      | Green Belt site. Development of the site would represent a rounding off the urban area (subject to existing development site 1295a being developed for residential). The canal to the south and neighbouring sites to the east and west would ensure that a low potential for future unrestricted sprawl exists. The site would need to share services, such as a primary school, health and local shopping with the adjacent site and wouldn't be sustainable as a stand alone site. The site adjoins sensitive natural habitats along the River Aire corridor and includes areas of mature woodland, which would require mitigation. The site is also located on a plateau which has been formed by deposited materials and will necessitate ground investigations. |
| 7            | 1297                                  | Former Vickers Tank<br>Factory Site, Manston<br>Lane, Cross Gates | Cross Gates and<br>Whinmoor                  | 21.491       | 645      | Former Vickers Factory. Outline application for residential (C3), employment (B1c), health centre (D1), food store (A1), ancillary uses (A1/A2/A3/A4), community building (A4/D2), associated car parking, landscaping and infrastructure. Application pending (09/04999/OT). Development of the full site is subject to the implementation of the Manston Lane Link Road.  |
| 8            | 1359                                  | Rothwell Garden Centre,<br>Wood Lane                              | Rothwell                                     | 3.156        | 83       | Green Belt site. Development would effectively round off the settlement and would not set a precedent for further sprawl.   |
| 9            | 2039                                  | Thorpe Park, undeveloped non-submitted land                       | Temple Newsam<br>Cross Gates and<br>Whinmoor | 34.667       | 200      | Thorpe Park site. Outline Planning Application pending for mixed use development comprising offices (business park) (B1A), (B) and (C), retail and bar/restaurant (A1, A2, A3, A4 and A5), hotel (C1), leisure facilities (application no. 12/03886/OT). The western part of the site is currently designated as proposed greenspace on the existing UDP (see also greenspace section, page 22, question G8), the eastern part is allocated for employment on the existing UDP. The site could link in with residential development to the north in the allocated east Leeds extension, so development for residential could also have potential subject to the provision of the Manston Lane Link Road and East Leeds Orbital Route.                                 |
|              | 2040 (Most of site within Outer South | Temple Point, Bullerthorpe  | Garforth &                                   |              |          | Planning permission granted for residential development August 2012.  |
| 10           | East area)                            | Lane, Colton  | Swillington                                  | 0.255        | 8        |   |

| No. of sites | Site Ref and colour |                            |                 | Site<br>Area | Site     |   |
|--------------|---------------------|----------------------------|-----------------|--------------|----------|---|
| assessed     | coding              | Site Address               | Ward            | (ha.)        | Capacity | Summary Reason for Colour Coding.   |
|              |                     |                            |                 |              |          | Part Green Belt site (northern section, majority of site is an  |
|              |                     |                            |                 |              |          | employment allocation on the existing UDP. The site is within the   |
|              |                     |                            |                 |              |          | current planning brief for the East Leeds extension alongside the wider Redhall site and would be suitable for residential    |
|              |                     | Redhall (East Leeds        | Cross Gates and |              |          | development in principle subject to the provision of the section of   |
| 11           | 2062                | Extension)                 | Whinmoor        | 215.57       | 100      | the East Leeds Orbital Route which would run through the site.  |
|              | 2002                | Extension                  | VVIIIIIIIOOI    | 210.07       | 100      | Green Belt site. The site is contained by strong defensible   |
|              |                     |                            |                 |              |          | boundaries to the north and south east (major roads) so release   |
|              |                     |                            |                 |              |          | of the site would not set a precedent for further Green Belt sprawl.  |
|              |                     |                            |                 |              |          | The site is designated as proposed greenspace (N5) on the   |
|              |                     |                            |                 |              |          | existing UDP. (See also greenspace section, page 22, question   |
|              |                     |                            |                 |              |          | G9). Situated to the east of Cross Gates, development would be  |
|              |                     |                            |                 |              |          | dependent on site 2039 coming forward first, to join the site up  |
|              |                     | Barrowby Lane, Manston,    |                 |              |          | more with the existing urban area. Any development would be subject to provision of Manston Lane Link Road and East Leeds     |
| 12           | 2086                | LS15                       | Temple Newsam   | 21.173       | 553      | Orbital Route.  |
| 12           | 2000                | 2010                       | Tomple Howealli | 21.170       | 000      | Green Belt site. The site is isolated and not related to the  |
|              |                     |                            |                 |              |          | existing settlement. Development would significantly reduce the   |
|              |                     |                            |                 |              |          | Green Belt gap between Cross Gates and Garforth, contrary to  |
|              |                     |                            |                 |              |          | one of the purposes of Green Belts in preventing the coalescence  |
|              |                     | Crawshaw Wood, north of    |                 |              |          | of settlements. The proposed HS2 rail route runs through the  |
| 40           | 0007                | Barrowby Lane, Garforth,   | Tanada Na asas  | 44.00        | 000      | site. Significant highway concerns regarding access and   |
| 13           | 2087                | LS25                       | Temple Newsam   | 11.26        | 266      | accessibility.  |
|              |                     |                            |                 |              |          | Site 2090 has been split into 2. Site A is within the Green Belt, but has a road frontage and is well related to the existing |
|              |                     |                            |                 |              |          | settlement form. Development could retain openness and views  |
|              |                     |                            |                 |              |          | across the Temple Newsam estate. The site is also designated  |
|              |                     |                            |                 |              |          | as proposed open space (N5) on the existing UDP. See also   |
|              |                     | Bullerthorpe Lane, Colton, |                 |              |          | greenspace section, page 22, question G10.  |
| 14           | 2090A               | LS15                       | Temple Newsam   | 6.27         | 165      |   |

| No. of sites assessed | Site Ref<br>and colour<br>coding | Site Address  | Ward                        | Site<br>Area<br>(ha.) | Site<br>Capacity | Summary Reason for Colour Coding.   |
|-----------------------|----------------------------------|---|-----------------------------|-----------------------|------------------|---|
| 15                    | 2090B                            | Bullerthorpe Lane, Colton,<br>LS15                                    | Temple Newsam               | 87.32                 | 2292             | Site 2090 has been split into 2. Site B is within the Green Belt and the majority of the site is designated as proposed greenspace (N5) on the existing UDP (See also greenspace section, page 22, question G10) and there is a Local Nature Area and Site of Ecological and Geological Importance within the site and three ancient monuments to the west. There are public footpaths running across the site and through to Temple Newsam, and important views across the estate. Significant highway concerns regarding accessibility and impact on local network. |
| 16                    | 2144                             | Cartmell Drive, Halton<br>Moor  | Temple Newsam               | 6.871                 | 310              | The site is designated as greenspace (N1) on the existing UDP. Loss of greenspace will need to be assessed in the greenspace review. See also greenspace section, page 22, question G11. However, the site is part of a wider area of greenspace to the west. Development would not encroach too much into this larger area as the valley is wider at this point. The site was formerly identified as a possible housing site on the now withdrawn EASEL (East and South East Leeds) Area Action Plan.  |
| 17                    | 3079                             | Land to the north east of<br>Bell Hill Industrial Estate,<br>Rothwell | Rothwell                    | 3.023                 | 79               | Green Belt site. Whilst the site would be contained by the motorway to the north and existing development to the south west surrounding uses are an industrial estate, so it is not considered suitable for a residential use. Development would be dependent on the adjacent site coming forward for access requirements.  |
| 18                    | 3111                             | Moorhouse Farm,<br>Wakefield Road, Garforth,<br>LS25 1AS              | Garforth &<br>Swillington   | 5.824                 | 153              | Green Belt site. By itself the site is not well related to the settlement, but development could be considered if developed alongside sites 1100, 1044 or 3112. If these sites were put forward for development then this site would effectively round off the settlement.  |
| 19                    | 3118                             | Land east of York Road,<br>Seacroft, Leeds, LS14<br>2AD               | Cross Gates and<br>Whinmoor | 3.31                  | 87               | The site is within the urban area. It is allocated as a park and ride site on the existing UDP.   |

| No. of sites assessed | Site Ref<br>and colour<br>coding | Site Address   | Ward                        | Site<br>Area<br>(ha.) | Site<br>Capacity | Summary Reason for Colour Coding.  |
|-----------------------|----------------------------------|--|-----------------------------|-----------------------|------------------|--|
| 20                    | 3119                             | Hobberley Cottage/The<br>Wellington(PH), Whin<br>Moor Lane, Shadwell,<br>Leeds, LS17 8LU | Cross Gates and<br>Whinmoor | 2.422                 | 64               | Green Belt site. Development of the site alone would represent an isolated 'island' of development within Green Belt. However, development in conjunction with site 2062 would effectively 'round off' the settlement pattern. Existing uses within the site including a public house and residential properties to the west and east. |

### **CALL FOR SITES:**

|    |         |                      | Cross Gates and |        |   |
|----|---------|----------------------|-----------------|--------|---|
|    |         |                      | Whinmoor /      |        | Mixed use submission for residential (dwelling no's not specified), |
|    |         |                      | Temple Newsam / |        | industrial (B1b/c or B8, offices B1a). Any development would be     |
|    |         | Thorpe Park Business | Garforth and    |        | subject to the provision of the Manston Lane Link Road and East     |
| 21 | CFSM032 | Park, Leeds          | Swillington     | 39.548 | Leeds Orbital Route. (See also site 2039 above).                    |

3.3.6 Para 3.3.2 identifies that in this area we need to allocate sites to accommodate 3040 residential units. From table 3.3.2 above, the total capacity from green sites alone is 1688. The total capacity from amber sites is 1445. The total from both green and amber is 3133 which is over the 3040 we are seeking. At this stage, we are seeking views as to whether we have got the colour coding right and which are the most suitable sites. Alternative sites can also be suggested.

### QUESTIONS ON SITES PUT FORWARD TO CONSIDER FOR HOUSING 'GREEN' SITES

H1. Do you agree that the sites that have been identified as 'green' represent the most suitable sites to consider allocating for future housing development? Yes/No

Reason

- H2. Which sites do you disagree with and why? (Give site ref and reason)
- H3. Do you think a site that is not colour coded green should have been? If so, please give site no. and reason

#### 'AMBER' SITES

H4. Do you agree that the sites that have been identified as 'amber' represent sites with potential for allocating for future housing development? Yes/No

Reason

- H5. Which sites do you disagree with and why? (Give site ref and reason)
- H6. Do you think a site that is not colour coded amber should have been? If so, please give site ref and reason

#### 'RED' SITES

H7. Do you agree that the sites that have been identified as 'red' are not suitable for allocation for future housing development?

Yes/No

Reason

- H8. Which sites do you disagree with and why? (Give site ref and reason)
- H9. Do you think a site that is not colour coded red should have been? If so, please give site ref and reason

### **OTHER SITES?**

H10. Do you think there are other more suitable sites not shown on the plan that could be considered as future housing allocations? If so, please supply details – address and site plan.

### **PHASING**

H11. The Site Allocations Plan will need to also identify phasing of housing allocations (see Volume 1 page 19). The phases are:

Delivery/development in the short term, 0-5 years

Delivery/development in the medium term, 5-10 years Delivery/development in the long term, 10 + years

Do you think any particular sites should be developed in the short, medium or long term? If so, please state site ref and phase (short, medium or long term) and why.

### **GYPSY AND TRAVELLER SITES (See Volume 1, para 8.18)**

H12. Do you think that any sites being considered in this area could be suitable for gypsy and traveller site use? Please state reason, and list site ref of any specific sites.

H13. Do you think there are other more suitable sites not shown on the plan that could be considered for future gypsy and traveller site use? If so, please supply details – address and site plan.

### **ELDERLY ACCOMMODATION (See Volume 1, para 8.19)**

H14. Do you think that any sites being considered in this area could be suitable for use solely or in part for elderly housing accommodation? Please state reason, and list site ref of specific sites.

H15. Do you think there are other more suitable sites not shown on the plan that could be considered for elderly housing accommodation? If so, please supply details – address and site plan.

### 3.4.0 EAST EMPLOYMENT ISSUES AND OPTIONS:

See Plan 3.4 Employment

3.4.1 The employment sites in East have been assessed to determine their total contribution towards an overall district requirement of **1,000,000 sq m** office based development and **493 hectares** of industrial and warehousing. Sites which either have planning permission for employment uses (as at 31.3.12) and/or are allocated for employment as part of the existing development plan and are to be retained for employment are shown as lime green on plan 3.4. These sites will count towards the employment requirement.

In East these sites are:

Table 3.4.1: Office based development

'Lime Green' sites for office development.

| Lillic Oi  | een sites for office develop                |                   |                               |  |

3.4.2 Sites assessed for employment are those sites from the Employment Land Review which are categorised as 'LDF to determine' sites and new sites submitted through the 'Call for Sites'. There were no 'call for sites' for employment, or mixed use including employment submitted in East. There will of course be numerous existing employment sites both in use or last in use for employment which do not require planning permission or allocation. From undertaking assessments, sites have been categorised according to the following colour coding:

**Green** 'To assess' sites which have the greatest potential to be allocated for

employment.

Amber 'To assess' sites which have potential but there may be issues which

need to be resolved, or the site may not be in such a favoured

location as those highlighted in green.

**Red** 'Remove' sites from the Employment Land Review and 'To assess'

sites which are not considered suitable for allocation for employment.

Table 3.4.3 below shows the colour coding and reasons for the sites being within the relevant categories. The sites are shown on Plan 3.4 Employment.

### Table 3.4.3 SITES ASSESSED FOR POTENTIAL EMPLOYMENT ALLOCATIONS IN EAST

| Colour<br>code | Site Ref | Address  | Site<br>area<br>(ha) | Total<br>floorspace<br>(sq m) | Assessment type | Conclusion | Reason  | for colou | coding |   |   |  |   |    |

### QUESTIONS ON SITES PUT FORWARD TO CONSIDER FOR EMPLOYMENT

- E1. Do you think a site that is not colour coded 'green' should have been? If so, please state which site (site ref) this is and why
- E2. Do you think a site that is not colour coded 'amber' should have been? If so, please state which site (site ref) this is and why
- E3. Do you agree that the sites that have been identified as 'red' are not suitable for allocation for future employment or office development? Yes/No Reason
- E4. Do you think there are other more suitable sites not shown on the plan that could be considered as future employment or office allocations? If so, please supply details address and site plan.

### 3.5.0 EAST GREENSPACE ISSUES AND OPTIONS:

- 3.5.1 The two plans at the end of this document show 1) greenspace sites currently designated through the UDP Review 2006 and sites identified through the open space audit in the East Housing Market Characteristic Area (Plan 3.5A) and 2) the categories or types of greenspace (Plan 3.5B). There are two elements to consider, firstly the changes being proposed to the allocated greenspace as a result of the 2011 Open Space, Sport & Recreation Assessment (hereafter referred to as the 'Open Space Audit') and secondly the implications of the subsequent assessments undertaken in relation to surpluses and deficiencies, quality and accessibility to greenspace. Sites that are proposed for deletion following the Open Space Audit are listed at the end of this document and are the sites which are not overlain by hatching on Plan 3.5A. Sites proposed to be deleted will be considered in the context of the surpluses and deficiencies identified in each particular area.
- 3.5.2 Core Strategy policy G3 sets quantity, quality and accessibility standards for these different types of open space:

| Туре   | Quantity per 1000<br>people  | Quality (Sites were scored from 1 to 10, 10 being excellent quality, 1 very poor. A score of 7 is considered good) | Accessibility  |
|--|--|--|--|
| Parks and gardens  | 1 hectare  | Good (7)   | 720 metres   |
| Outdoor sports provision                                 | 1.2 hectares (does not include education provision)  | Good (7)   | Tennis court 720 metres,<br>bowling greens and<br>grass playing pitches<br>3.2km, athletics tracks,<br>synthetic pitches 6.4km |
| Amenity greenspace                                       | 0.45 hectares  | Good (7)   | 480 metres   |
| Children and young people's equipped play facilities     | 2 facilities (per 1000 children/young people 0 -16 years old)(excluding education provision) | Good (7)   | 720 metres   |
| Allotments   | 0.24 hectares  | Good (7)   | 960 metres   |
| Natural greenspace                                       | 0.7 hectares main urban area and major settlements, 2 hectares other areas                   | Good (7)   | 720 metres and 2km from site of 20 hectares  |
| City Centre open space (all types including civic space) | 0.41 hectares  | Good (7)   | 720 metres   |

3.5.3 There are no standards in the Core Strategy for cemeteries, green corridors and golf courses, therefore there is no analysis of surpluses and deficiencies for these typologies. They are, however, shown on Plan 3.5B for completeness.

### 3.5.4 Quantity

The table below sets out the amount of surplus land or the deficiency in provision for each greenspace type.

Table 3.5.1 Surpluses and deficiencies in different types of greenspace in East

|                                      | Parks and<br>Gardens           | Outdoor<br>Sports<br>(excluding<br>education) | Amenity                               | Children &<br>Young People<br>Equipped Play | Allotments                     | Natural                        |

NB: \*There are no areas of greenspace within the Rothwell ward which fall in the East area. A very small area of Killingbeck & Seacroft ward falls within the East Area however this does contain several greenspace sites. To maintain accuracy an average figure has not been calculated for this ward as it would present an inaccurate picture of Killingbeck & Seacroft's true average quantity of provision.

- 3.5.5 The East area has several deficiencies in terms of quantity across the various greenspace typologies. There is generally a good quantity of park & garden provision and natural greenspace provision, though the area is lacking against core strategy standards in outdoor sports provision, children and young people's equipped play provision and lacking in terms of allotment provision. It should be noted that outdoor sport excludes a significant number of sport facilities within education facilities as they have been universally regarded as for the use of the school only and private. In some cases communities will have access to school pitches and facilities therefore these deficiencies may not exist.
- 3.5.6 All wards suffer deficiencies in different areas but record surpluses in other typologies. In order to rectify some of the deficiencies, the laying out of some of the surplus areas of alternative greenspace types could be one way which would solve the existing deficiencies. Alternatively new areas which aren't greenspace currently could be laid out to improve quantity of provision. This could be delivered by a developer as a requirement on new residential development or by the Council following the payment of commuted sums. If the typology of an area of greenspace is to be changed, it will need to be carefully assessed to ensure it is suitable and appropriate for the new type and not a well used and valued area of the original typology.

- 3.5.7 It should be noted that the East area includes some of the land that is within the Aire Valley Area Action Plan. This means that there may be opportunities to provide greenspace in the Aire Valley Action Plan area that will help to meet deficiencies in types of greenspace within the East area.
- 3.5.8 A number of greenspace sites have been suggested for housing. The following questions (page 21 and 22) seek views as to whether the sites should be retained for their current or alternative greenspace use, or might be better used for housing in preference to land elsewhere within the area.

### **3.5.9 Quality**

Across the East area, the majority of sites (65 out of 81) are below the required quality standard of 7, which indicates an issue of substandard greenspace provision across all typologies in the area. The lack of good quality parks and gardens, natural greenspace and allotment sites is particularly noticeable.

### 3.5.10 Accessibility

Accessibility to all types of greenspace is generally good across the East area. Temple Newsam ward generally features much better access to all types of greenspace, however this is largely attributable to the typologies represented by the Temple Newsam estate.

### QUESTIONS ABOUT GREENSPACE PROVISION IN EAST

#### General

- G1. Do you have any comments on the proposed boundary amendments, additions and deletions to the greenspace provision in the area as shown on greenspace plan A?
- G2. Do you think the Council should consider changing the type of greenspace where that type of greenspace is in surplus (ie more than meets the standard) to another type of greenspace that falls short of the standards?
- G3. Do you think the Council should consider allowing development of any of the greenspace sites where that type of greenspace is in surplus (ie more than meets the standard)? If so, which sites?
- G4. The quality of many existing greenspace sites in the area falls below the required standard. Do you agree that resources (including commuted sums obtained from planning permissions and legal agreements) should be channelled to improving quality of existing sites?
- G5. Alternatively, if a site is of poor quality and/or disused, do you think it is better to consider allowing development of that site to generate resources to invest in greenspace elsewhere?
- G6. Do you agree that, where opportunities arise, new greenspace provision should be provided in areas that fall below accessibility distance standards, to ensure residents have adequate access to different types of greenspace?

G7. Have you any other comments/suggestions about greenspace provision in the area?

### Specific to East:

- G8. A small part of the existing UDP N5 (proposed greenspace) designation at Thorp Park has been put forward as part of a possible housing site (Site ref 2039, see page 9). It was not identified as in a greenspace use in the Open Space Audit and has clearly not been delivered through Policy N5, therefore it is proposed to delete the allocation. Do you agree this land could be developed for housing rather than being left as a possible future greenspace opportunity?
- G9. The existing UDP N5 (proposed greenspace) allocation at Barrowby Lane, Manston has been put forward as a possible housing site (Site ref 2086, see page 10). It was not identified as in a greenspace use in the Open Space Audit and has clearly not been delivered through Policy N5, therefore it is proposed to delete the allocation (called Thorp Park for greenspace purposes). Do you agree this land could be developed for housing rather than being left as a possible future greenspace opportunity?
- G10. The existing UDP N5 (proposed greenspace) designation at Bullerthorpe Lane, Colton has been put forward as a possible housing site (Site ref 2090A and 2090B, see page 10 & 11). The majority of the site and additional land were identified as a city park (Temple Newsam) in the Open Space Audit. Do you think this site could be developed for housing or should it be retained as greenspace (in one of the identified typologies)?
- G11. Part of the existing UDP N1 designation at Cartmell Drive, Halton has been put forward as a possible housing site (Site ref 2144, see page 11). The majority of the site was identified as natural greenspace in the Open Space Audit. Do you think this land should be retained as greenspace (in one of the identified typologies) or released for housing?

### Appendix 1

## UDP designated greenspace sites not identified as greenspace in the Open Space Audit – proposed to be deleted

| Open Space type | Ref number | Address                          | Reasons for proposed deletion                       |
|-----------------|------------|----------------------------------|---|
| N1              | 15/8/2     | A61/M1 traffic island (in Aire   | Traffic island surrounded by M1 and A61,            |
|                 |            | Valley AAP)                      | inaccessible  |
| N1              | 15/27      | Stourton Sidings (in Aire Valley | Area surrounded by motorway roundabout,             |
|                 |            | AAP)                             | inaccessible.                                       |
| N1              | 15/28      | Stourton Sidings (in Aire Valley | Area surrounded by motorway and slip road,          |
|                 |            | AAP)                             | inaccessible.                                       |
| N5 (proposed    | m256       | Thorp Park                       | Partly rough ground and partly agricultural fields. |
| open space)     |            |                                  | Not in a greenspace use.                            |
