## **Light Night**

5<sup>th</sup> – 6<sup>th</sup> October 2017

@LightNightLeeds

Light Night is a multi-arts and light festival which takes over Leeds city centre on a Thursday and Friday night in October. The city's arts and cultural venues open their doors late into the evening, and artists transform indoor and outdoor spaces into exciting, interactive works of art. It is a celebratory showcase for the huge range of diverse and thriving creative activity taking place in Leeds all year round, giving people free access to art and venues that they might not normally see. In 2016 the 12th anniversary of Leeds' biggest free annual multi-arts festival took place over two nights with an 'elements' inspired programme of installations and performances across the city. Thousands of visitors witnessed the city centre come alive with over 50 artworks exploring earth, air, fire and water, including spectacular light projections, as well as film, dance, music, theatre, exhibitions and street performances. ## **Leeds International Film Festival**

2<sup>nd</sup> – 16<sup>th</sup> November 2017

@leedsfilmfest

During November 2017, over 100 volunteers will help us run and deliver the largest film event in the North. We will be recruiting from September, so if you would like to give us some of your spare time in exchange for free films, a free festival t-shirt - and an incredible experience where you will get to meet lots of other film lovers - just register your interest by emailing [liffvolunteers@gmail.com](mailto:liffvolunteers@gmail.com) and we will contact you closer to the time to apply. You must be over 18 to volunteer!

## **Leeds Museums and Galleries**

@leedsmuseums

We have various opportunities to work across nine museum and gallery sites. Previous and current volunteers have assisted in a wide variety of tasks including the documentation and research of our collections, helped identify and label collections, carried out cleaning and remedial conservation of objects, assisted in the preparation of our Education and Outreach Programme, carried out basic data entry and live guiding. We are always looking for new ideas for volunteer roles and if you think you have a good idea which will allow you to use existing skills or develop new ones we would like to hear it.
