

LEEDS SITE ALLOCATIONS PLAN ISSUES AND OPTIONS

ERRATUM (SCHEDULE OF CHANGES POST PRINTING)

Volume 2:

The housing schedule (table 3.2 or 3.3) in each area of Volume 2 lists assessed sites from the Strategic Housing Land Availability Assessment (SHLAA). At the end of this schedule, if any other 'call for sites' for mixed use including housing were submitted, these are then also listed. The SHLAA site (rather than the 'call for sites') is the correct colour coding where there is a discrepancy.

In particular, the errors are:

Volume 2: 4.Inner – CFMS001 is shown as green and should be amber.

Volume 2: 6. Outer North East – CFMS009 is shown as amber and should be red.

Volume 2: Outer South West – CFMS023 is shown as red and should be amber.

Volume 2: Outer West – CFMS044 is shown as red and should be amber.

In addition, Volume 2: 6: Outer North East – site 789 Oaks Lane, Boston Spa is shown as amber on the housing plan but is not listed in the schedule of sites on page 11 of the document. The schedule is correct. The site received planning permission in 2008 and has been built. The site should be deleted from the plan.

Volume 2: 6: Outer North East – site 1324 is shown as red site on housing map but not listed in any schedules of sites. Should be purple sieved out site on plan and listed in sieved out list.

Volume 2: 8 Outer South – Site 3085 address should be 'Land between Leeds Road, Jumbles Lane and Cemetery Lane, Lofthouse' not 'The Grange, 308 Leeds Road'

Volume 2: 9 Outer South East – Site 1013 address should be Swillington not Little Preston; and

Site 3100B the address should be 'to the rear of Hemishore Drive, Great Preston'
