

How does it work?

If someone is having difficulty they look for the Safe Places logo being displayed in a nearby window. This is a Safe Place where there are staff who will be able to help.

The person shows their membership card to the Safe Place staff. They will look at the card and begin telephoning each of the emergency contact numbers listed until they are able to speak with someone who can assist.

What do I do next?

If you are interested in being part of the Safe Places scheme, either as a member or as a Safe Place organisation, please let us know.

We will send you an information pack together with an application form. You can contact us at:

Leeds Safe Places Scheme

What's a Safe Place?

A Safe Place is somewhere a person with a learning disability can go and ask for help if they are lost, frightened or in difficulty.

We are developing a network of Safe Places across Leeds so that help will always be nearby. We are letting people know about the scheme so that they can sign up to use it.

Is it for me?

People with a learning disability can apply to join the Safe Places scheme. You will get a Safe Places wristband to wear. You will also get a card to complete with 3 emergency contact telephone numbers.

When you go out you keep the card with you in your purse, wallet or pocket.

Can we be a Safe Place?

We are looking for organisations willing to be registered as a Safe Place.

We want a wide variety of businesses, places of interest and community venues (such as shops, sports centres, libraries and cafes) to join the scheme.

You will have training and get a Safe Places sticker to display in your window.
