

Working with you to agree the best locations for new homes, employment, retail and greenspace

Your city.
Your say.

Your city. Your say.

The consultation strategy has details of all the events as well as the approach to consultation and this can be viewed at www.leeds.gov.uk/siteallocations

When and where does the consultation take place?

The consultation lasts until Friday 29th July. As well as this event there will be others in the Civic Hall and in settlements throughout the Leeds area – see the list of the events on display here for more information on dates, venues and times.

How can you make your views known?

You can make comments at the event today by using one of the comments forms. **If you need assistance to complete a form speak to one of the facilitators who are here to help.**

Before you make comments you may wish to consider all of the consultation material more fully, you can view this at www.leeds.gov.uk/siteallocations

What are you being consulted on?

The Council is preparing a **Development Plan** for the next 15 years for the whole of Leeds, including **where you live**. This plan is called **The Site Allocations Plan**.

We are seeking your views about the possible development of sites for **housing, employment or retail use**. We are also asking you about your local **greenspaces** and this includes which areas you think should be protected.

This is the **first stage** of the plan preparation and we are consulting you on a range of options, NOT proposals. These options are put forward to help involve the **community** and **stakeholders** at this **early stage**.

Why are you being consulted?

The Council wants to work with local communities and other stakeholders so that **together** we find the best sites for new development. We will work with you during this consultation period (and beyond) to agree local solutions for sustainable development that respects local views, enhances local character and distinctiveness, brings wider benefits to your community and minimises the impact to Green Belt.

Who are we consulting?

This consultation is aimed at local communities throughout the Leeds area, business (including landowners and developers) and other organisations and stakeholders who have an interest in planning and development issues in Leeds.

What you can do today...

- **Choose** which topics you would like to comment on from housing, employment, retail and greenspace (you can choose all four)
- **Choose** which area you would like to comment on (you can comment on any/all areas)
- For housing, employment and retail comment on what sites you think are **most suitable** for development as well as those sites you think are **unsuitable** (give reasons why if you can)
- For greenspace we want to know which greenspaces you think should be **protected** as well as any other greenspaces that you think are of **local importance** but not recorded on the plans
- If you think there is anything **missing** from this consultation (for example, a better local site for development) please provide as much detail on this as you can

What will happen to the comments made?

A **'Consultation Report'** will be published online at www.leeds.gov.uk/siteallocations

This will include tables summarising the comments that have been made, feedback on how the consultation went and details on how the Council will use the feedback to make decisions and work with you.
