

## HOUSING LAND SUPPLY AT 30 September 2018

1.1 This statement sets out information on development sites which contribute to the housing land supply in Leeds. These figures relate only to the supply of housing units on allocated sites and those with planning permission.

1.2 The table and schedule show outstanding capacity by planning status, development progress and previous use. Unallocated sites are split into those in the City Centre, in the rest of the Main & Smaller Urban Areas (MUA) or elsewhere. Allocated sites are currently those in the Unitary Development Plan Review (2006) Policy H3<sup>1</sup> which will be replaced by sites in the Site Allocations Plan.

1.3 The Aire Valley Leeds Area Action Plan (AVLAAP) was adopted at Council on 8th November 2017. The boundary of the AAP includes 1,300 hectares of land to the south east of the city centre along the river corridor from close to Leeds railway station to beyond Junction 45 of the M1 motorway (including all or parts of the following areas: South Bank, East Bank, Richmond Hill, Cross Green, Leeds Enterprise Zone, Stourton and Hunslet). The AAP is a development plan document so it now forms part of the statutory development plan and should be given full weight in planning decisions. The following table illustrates the position at 30 September as adopted.

**Table 1: Outstanding capacity at 30 September 2018**

Site	Planning Permission			Development Status		Previous Use		Total
	None	Outline	Detailed	Under con	Not yet started	B'field	G'field	
City Centre	0	204	4,331	633	3,902	4,535	0	4,535
Rest of MUA	0	2,534	7,332	1,088	8,778	7,652	2,214	9,866
Outside MUA	0	373	1,538	492	1,419	557	1,354	1,911
<b>Total</b>	<b>0</b>	<b>3,111</b>	<b>13,201</b>	<b>2,213</b>	<b>14,099</b>	<b>12,744</b>	<b>3,568</b>	<b>16,312</b>

H3-1	563	0	1,480	1,005	1,038	1,758	285	2,043

AVLAAP	5,905	0	1,627	861	6,671	5,431	2,101	7,532
<b>Total</b>	<b>12,693</b>	<b>50</b>	<b>3,780</b>	<b>2,042</b>	<b>14,454</b>	<b>7,189</b>	<b>9,307</b>	<b>16,496</b>

<b>Total land</b>	<b>12,693</b>	<b>3,161</b>	<b>16,981</b>	<b>4,255</b>	<b>28,553</b>	<b>19,933</b>	<b>12,875</b>	<b>32,808</b>
-------------------	---------------	--------------	---------------	--------------	---------------	---------------	---------------	---------------

1.4 Table 1 shows that 20,142 units have planning permission with a further 12,693 units available to gain planning permission on allocated land including nearly 6,000 on new allocations in the Aire Valley. Of the 20,142 units, 16,981 have detailed planning permission. Considering that 4,255 units are under construction, this leaves 12,726 units with detailed planning permission that have not yet started.

<sup>1</sup> The Local Development Framework Site Allocations Plan was submitted to the Secretary of State by the City Council on 5th May 2017.

1.5 The Council’s Executive Board agreed to release UDP Policy H3 Phase 2 and 3 housing allocations on 22 June 2011. These are greenfield sites that are attractive to the market and still provide capacity for up to 6,788 units on 30 September 2018. This includes capacity for 4,446 new homes as part of East Leeds Extension.

1.6 There has been a large amount of units with planning permissions in the land supply for the last five years. For a decade until March 2001, stocks of permissions were within a range of between 5,300 and 6,300 dwellings. Then there was a seven year period of expansion, reaching a peak of 24,800 dwellings in March 2008. After three years of decline, the stock increased to 22,061 in 2011/12 but dropped to 15,643 in March 2014 increasing to 17,111 in March 2016 and 21,534 in 2018. This is illustrated in Figure 1 below.

1.7 The chart also includes house building completion figures and shows that although these had increased since 2001, the rate of increase in delivery has not kept pace with the growth in supply. The stock of permissions has grown around 400% since 2001, whereas completions only grew to 165% the 2001 level. The ratio of permissions to completions has expanded from 3:1 or less in the 1990s to approximately 6:1 in 2008 and now stands at 9:1 in 2018.

**Figure 1: Stocks of planning permissions and completions 1997-2018**

1.8 The decrease in the overall stock of planning permissions between 2013 and 2014 reflected a number of adjustments in the Leeds housing market including 43 proposals with an overall capacity of just over 3,250 dwellings that expired during 2013-14. The expired permissions, largely in the city centre, remain a part of the Leeds housing land supply and have begun to re-emerge as new proposals in the rising market.

1.9 Figure 2 shows that 2016/17 was a record year for greenfield site approvals and for new permissions granted on both brown and greenfield sites in the post-recession market. The total stock of houses with full permission now rests at 22,332 units with 14,675 outstanding across 369 sites.

**Figure 2: Planning permissions approved on brownfield and greenfield sites against completions since 2006/07**

1.10 Trends of a recovering house building sector have continued with a record level of planning approvals in 2016/17 and again in 2017/18 with 7,660 units approved on non-windfall sites in the last year. However, despite the increase in planning approval activity, completions remain below the Core Strategy targets of 3,660 (between 2012/13 and 2017/18) and 4,700 per annum thereafter. In 2016/17 there were 3,306 completions and 2,333 in 2017/18 (net) a result of bad weather during quarters 3 and 4. The Government's Local Housing Need requirement for Leeds is 2,649 per annum, which is the benchmark of the Housing Delivery Test in 2018. Further, the Core Strategy Selective Review (CSSR) is progressing a requirement of 3,247 dwellings per annum (51,952 in total) through a plan-making process.

1.11 There are 67 sites with planning permission in the city centre with total capacity for 8,095 new homes. 25 sites in the city centre are currently under construction with a capacity of 3,592 (and 4,255 in total across the district) – this is the greatest level of construction activity at a single point since 2008. Performance in 2018/19 remains on track to show a significant uplift on last year. Between March and June, 1,108 new homes were completed and between June and September 2018, the gross building of completed dwellings was 773 units. The last 3 months saw completions recorded across 54 sites including over 80 units at both Horsforth Mill and Skinner Lane. Healthy build-out rates continue around 10 completions a month at Brownberrie Lane in Horsforth, Seacroft Hospital on York Road, Garnetts Paper Mill in Otley and Land at Owlars Farm in Morley.

## Appendix 1 - Identified sites at 30 September 2018

This schedule lists sites of five or more dwellings that have been identified for housing in planning terms. These are sites that either had outstanding planning permission at 30 September 2018 or are proposed for housing in the UDP Review.

The schedule shows the outstanding capacity on each site in under each policy. This is then broken down by planning status, development progress and former land use. The capacities are as specified in planning permissions.

The sites are grouped by Review plan policy below.

<b>A</b>	Unallocated sites with permission in the City Centre
<b>B</b>	Unallocated sites with permission in the rest of the Main & Smaller Urban areas
<b>C</b>	Unallocated sites with permission outside the Main & Smaller Urban areas
<b>H3-1</b>	Phase 1 allocations
<b>H3-2</b>	Phase 2 allocations
<b>H3-3</b>	Phase 3 allocations
